Pizza.html

The screenshot shows a web browser window with multiple tabs. The active tab is 'validator.html' at the URL 'https://validator.w3.org/nu/#file'. The page title is 'Nu Html Checker'. Below the title, a message states: 'This tool is an ongoing experiment in better HTML checking, and its behavior remains subject to change'. The main heading is 'Showing results for index.html'. Under 'Checker Input', there are options to 'Show' (source, outline, image report) and a 'Check' button. The 'Check by' dropdown is set to 'file upload', and a message says 'No file chosen'. Below this, it states 'Uploaded files with .xhtml or .xht extensions are parsed using the XML parser.' A green status bar at the bottom of the checker input section reads 'Document checking completed. No errors or warnings to show.' Below this, it says 'Used the HTML parser.' and 'Total execution time 6 milliseconds.' At the very bottom, there are links for 'About this checker' and 'Report an issue', and the version number 'Version: 21.5.28'.

Nu Html Checker

This tool is an ongoing experiment in better HTML checking, and its behavior remains subject to change

Showing results for index.html

Checker Input

Show ☐ source ☐ outline ☐ image report

Check by No file chosen

Uploaded files with .xhtml or .xht extensions are parsed using the XML parser.

Document checking completed. No errors or warnings to show.

Used the HTML parser.

Total execution time 6 milliseconds.

W3C CSS Validator results for style.css (CSS level 3 + SVG)

Congratulations! No Error Found.

This document validates as [CSS level 3 + SVG](#) !

To show your readers that you've taken the care to create an interoperable Web page, you may display this icon on any page that validates. Here is the XHTML you could use to add this icon to your Web page:

 `<p>

 Valid CSS!
</p>`

 `<p>

 Valid CSS!
</p>`

(close the img tag with > instead of /> if using HTML <= 4.01)
